Dear friends of swimming!

The Icelandic Swimming Federation has the pleasure to invite you to the 2nd edition of the

Swimming Championships of the Small States of Europe

June 12 ó 13th 2010

After the success of the first championships in 2008, which were held by the Luxembourg Swimming Federation, the representatives of the Small States of Europe decided on the LEN Congress 2008 about this second edition.

In 2010 this edition will be held in Hafnarfjörður, Iceland, in the recently (September 2008) opened 50m Olympic size pool.

The program and regulations are attached.

We will appreciate very much, if your federation considers again in taking part in these new established championships.

Please don't hesitate to contact us for assistance concerning transportation, accommodation or any other support related to this swim meeting.

Hoping to see you in June 2010, expecting to see again a great edition of the next Small States Swimming Championships.

With our best regards

Hörður J. Oddfríðarson

President of the
Icelandic Swimming Federation
